

VENDORS

Thank you for your interest in the first-ever Steam Wrights (first of its kind on the Kitsap Peninsula). We hope that we can be a great help to the local steampunk community as well as the genre in general. We also hope to make this a yearly event, with improved venue, entertainment, food vendors etc.

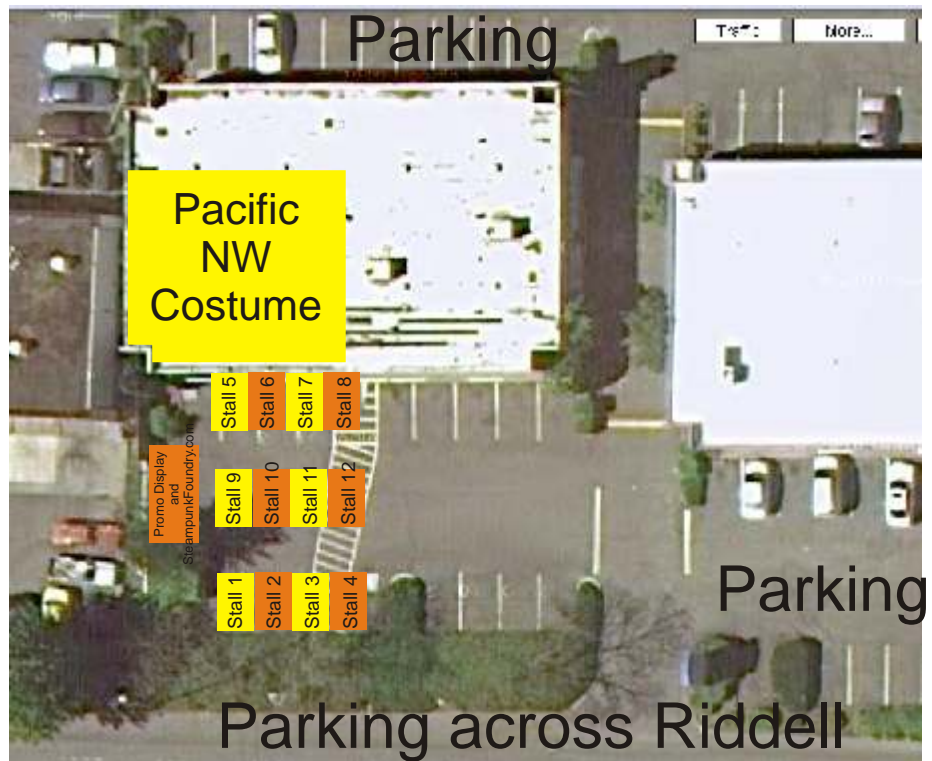

The emphasis is on How-To. This is based on the underlying trend in steampunk to create your own couture, devices, stories and etc.

The venue for the first-ever Steam Wrights is the parking area in front of Pacific Northwest Costume. Advantages to this venue are cost, visibility and availability. Disadvantages are weather and the limited number of vendors we can accommodate.

The vendor fee is \$25. We can provide power for only stalls 5, 6, 7 and 8. Stalls 1-4 provide a 'mostly' unobstructed view from the street. Any signage (within reason) can be placed to be seen from the street. We cannot provide a table or an awning - you will need to bring those. You need to have proof of insurance coverage for the event.

What your fee is used for: Promotion, snacks (popcorn) & bottled-water, etc. The fee also helps offset the cost of the printed materials we are distributing. We have full color flyers we can send to you to distribute.

What we are doing to promote this event: We have the flyers we mentioned and are distributing them to as many local Steampunk enthusiasts as we can find. We are using an on-going Social Marketing scheme via the web including a 4 part dramatic series to start airing several weeks prior to the event. We are working to build interest any way we can - ideas?
